The fair share commitment

People around the world, from the south to the north, are raising their voices in a united demand: **it's time for tax justice.**

Tax justice must be put into action to end poverty, inequality and climate change.

Multinational corporations, financiers and the very rich must pay their fair share of taxes.

National and international systems that support tax avoidance and tax havens must be stopped.

Governments must enforce fair, progressive, transparent and sufficiently resourced tax administrations

It's time for the people of every country to receive our fair share in public services and social protection.

In signing this declaration, we call on world and community leaders, organisations and people to join together to take action. We demand that governments deliver tax justice now!

TAX JUSTICE IS
TAX POLICIES THAT RECOGNIZE
AND ADDRESS INEQUITIES
THE RICH SHOULD PAY MORE TAXES
THE POOR SHOULD GET MORE SERVICES

**Tax justice
to fund public
education!**
